

Entirely negating matters visible, but research who has been ruling this world deep behind your eye (Faust).

2014/12/5

Now world has been ruling entirely by **outrageous massive deceptions** (the 9/11 own playing terror, false flag wars in Middle East, Ukraine, racial disputes, ..). You never forget most important matters deep behind your eye by operating to face many risks before your eyes

Cop 20: UN climate change conference | Lima

Lima climate talks: EU and US at odds over legally binding emissions targets

<http://www.theguardian.com/environment/2014/dec/02/lima-climate-talks-eu-and-us-at-odds-over-legally-binding-emissions-targets>

EU says mandatory carbon emissions cuts should be set for all countries, whereas US wants individual countries to be free to adjust the scale and pace of reductions

It has been as usual that they have been debating entirely in order to show **agreement impossibility** by insidious, but most dangerous opportunism, but not genuine solution toward real global relief. The real relief dose need

http://www.777true.net/This-is-the-most-emergent-problem-of-to-live_or-not-to-live.pdf

(1) **emergent CO2 cut by more than 80%** → new energy is possible !!!!!

http://www.777true.net/Part_6_non-carbon-Energy-Engineering.pdf

(2) **Arctic cooling geo-engineering to intercept Methane Eruption Catastrophe.**

<http://www.777true.net/How-to-Make-Clouds-for-Intercept-solar-heat-in-Arctic.pdf>

(3) **Life assurance strategy in pseudo-war time regime.**

<http://www.777true.net/Life-Assurance-by-National-Strategy-in-coming-climate-WAR-TIME.pdf>

Certainly the problem is outrageous, however coming hell is far more outrageous.

People could do their best, if once they could have known the realities.

This could be nothing, but **global revolution** to turn the regime toward new one !!!

Then our imminent difficulties at now may be summarized as follows.

(4) In order to secure today and tomorrow life, we must **conserve the regime** causing fatal climate crisis by massive carbon energy consumption. Nothing change in this view. This is the supreme policy of the big oil merchant **Rockefeller** who has been ruling this world behind your eyes. Their idea could be summarized as **"A revolution is more terrible than defeating war"**. This is nothing, but **the upside down world**.

<http://www.777true.net/The-Upside-Down-World.pdf>

<http://www.777true.net/IPCC-the-injustice.pdf>

(5)By anyhow,global people must emergently recognize **coming climate hell reality !!!**.
.....**Scenario coming Hell Reality without the countermeasure(current trend)**.

<http://www.777true.net/What-will-climate-change-do-to-our-planet.pdf>

*above original page could not seen at now.The original author tried to anticipate **way of life in coming climate hell world** by each 1°C rise step.However 3,4°C rise world life would be impossible.Maybe by such reason,he vanished the site page.Above is Japanese translated one,in which,realities of coming hell world are well described.

Then people could accept even bitter life(**global pseud war time regime against climate change**), if a **rational equality** could be assured<more than 80% CO2 cut >.

.....**Scenario climate war time life.**

<http://www.777true.net/Life-Assurance-by-National-Strategy-in-coming-climate-WAR-TIME.pdf>

*This is authors trial version and not complete,but insufficient.This is the most important scenario which would be most necessary in the implementation.So related experts should research and develop the scenario.**Fail or success would be entirely depend on it !!!**.

(6)Both above very important **scenarios** had to be written by the IPCC,but they failed.

<http://www.777true.net/IPCC-the-injustice.pdf>

(7)Note now an irrational equality of **massive synchronous ensemble paralyzing (ignorant)**has been ruling on abnormal nothing risk sensitivity on coming climate hell.

<http://www.777true.net/The-Upside-Down-World.pdf>

So your task is **confirm the facts** and **make plan** for global co-operation to act.

<http://www.777true.net/Life-Assurance-by-National-Strategy-in-coming-climate-WAR-TIME.pdf>

Now this is incomplete due to authors inability,which could be improved by you of all. !!!

PS:The substantial climate prediction had been already concluded,but not disclosed to the world. Now is time for research and design on **Geo-engineerings** and the **Global Climate War Time Regime**.

Once people accepted the outrageous,but decisive facts,
they could do best !!!.
Trust and Bet it !!!.
