

In the world not facing the inconvenient truths, their life expectancy is less than 20 years?!!.

2013/6/7.

Already,worsened climate collapse had become evident enough for all,while Covid & Ukraine had strongly disturbed those,however we could not evade once again facing imminent coming hell.Are you sure you can stay the way you are?(business as usual or as EMERGENCY?).

If employing more risky method to cool the earth,it can not be too late !!

You can ask the righteous AI with full knowledge on the climate fact !!!!!!!

(2)**Arctic Heat Up Mechanism**<in the near end,methane is to cause climate hell>.

Arctic Heat Up→sea water warm→ice area retreat→warmer toward **methane eruption**→strong green house effect→more **Arctic heat up**→sudden massive eruption→**Fire Storm Earth**.

(4)**The Arctic Desperate:**

*GHG=green house effect gas the heat trapping ones.

Methane(CH₄)is strong GHG causing rapid global temperature rise and easily flammable. In Arctic ocean sea floor,there are massive frozen methane(100-9000 GtC).which is to erupt by sea water warming due to ice area retreat by recent years global warming.Now ice retreat had become **irreversible**.Because,ice retreat enhance more solar heat input to ocean mouth,which turn to warm sea water to cause more ice retreat.Now this process could not be stopped by natural.Massive gas eruption is to cause fire storm earth at last(toward global extermination).This is foretold both by **the Bible(Revelation)** and **the Nordic Myth**.

[2]:The HOPE.

(1)**The Arctic HOPE :**

Though there is **salvation possibility** of Arctic Cooling Technology.Certainly it is outrageous scale technology covering wide area .However it's not that they had proved it impossible.

Then you must notice **why they do not disclose such importance and debate in global public ?!!!**. Above all,it is supreme fatal problem of **do or die for all !!**.

<http://arctic-news.blogspot.jp/2015/03/save-the-arctic-sea-ice-while-we-still-can.html>

Fortunately researchers are increasingly confident that a stratospheric aerosol haze, produced from sulphur dioxide, SO₂, could provide significant cooling of the Arctic for modest expenditure of the order of *a few billion dollars per year*. This type of cooling could be replaced by cloud brightening using ultra-fine seawater droplets when the technology is ready for large-scale deployment *within a year or two*.

Consequently, over the next 15 months, scientists measured a drop in the average global temperature of about 1F (0.6 degrees C).

(5) **Blocking Nares Strait Gate to Intercept Methane Catastrophe**

<http://777true.net/Blocking-Nares-Strait-Gate-to-Intercept-Methane-Catastrophe.pdf>

Another Drastic Method to Cool Arctic by **Shutting Nares Strait Ocean Current**.

This method needs Big Gate Building Engineering, however the effect would be drastic to realize *rapid Arctic Cooling* to intercept the imminent deadly risk of Methane Catastrophe. The engineering is building gate about (20km width with depth 150~300m). This is certainly unprecedented outrageous engineering, but may be possible by global ability and fund. It is doubling effect of stopping heat input into Arctic ocean now with *annual heat debt* causing warmer Arctic by +4W/m² to cool by -10W/m² *the annual debt repayment*.

The last 10 years heat debt can be repayed by 4 years short toward Arctic stabilizing.

APPENDIX-1: Hitler's Prophecy: The Future Image of 2039

http://inri.client.jp/hexagon/floorB1F_hss/b1fha400.html#01

"..." The two poles "are increasingly advancing. Since 1989, human beings are increasingly divided into very few new types of rule and a large number of new types of ruled. It is He who manipulates and obeys all, and the other who are manipulated and obeys everything without knowing it.

And that's not all that goes. As humans do so, cataclysmic changes occur in both the earth and the universe. From 1989 onwards, an unprecedented catastrophe (great catastrophe) approaches humanity from space.

When I was young, I wrote in "My struggle" that human beings will be revenge from Nature. That is the situation since 1989. *The universe gives revenge to humanity because humans become arrogant and commit the nature of the universe.* And it brings mankind into the unimaginable ultimate state. 150 years after I was born, the ultimate coming to the 21st century. Even the inspiring and clear sight of myself is the unbelievable ultimate.

"... (at the end of the twentieth century) even if the superficial is a world of democracy or socialism, the real will be ruled by *Nazism*. In both democratic and socialist countries, they use our weapons of Nazis to compete and kill each other.

The society, as I wish, is divided into a strong ruler and a large ruled people,

It is also a period of catastrophe,

humanity is absurd to be revenged from nature, climate is divided into two, intense heat and intense cold, fire and ice, floods and droughts are alternately attacking in the Earth.

Global warming is inevitable and 5 billion until 2043 , , may die if nothing is done in time ,and they are hidden from worldwide population .. says Jocelyn Luz
