

## LEADERS-PEOPLE and CLIMATE HELL.

2017/11/05

This is mind analysis on People facing option on Climate Hell or Climate Revolution.

A people becomes impossible to do,when he feel also massive others consider it so.

A people becomes possible to do,when he feel also massive others consider it so.

### [ 1 ] : Why people now has become impossible ? !

**=The Emperor with Elites has been making people impossible !.**

(1)In the beginning was **EXXON-MOBIL**,who had noticed **CO2 causes Global Warming**.

Oil-USA Emperor **Rockefeller** had decided to hide.Now they has been endeavoring it.

***Exxon knew four decades ago about CO2.***

(2)***IPCC(climate scientist) the injustice manipulated by the oil merchant.***

UN climate scientist consultant has been being censored and.....,the consequence is decisive.

Coming climate fire hell is due to massive Arctic Methane burst,which is hidid by IPCC.

(3)**Politician** UN climate meeting=COPX had done decisive role to cause desperate on CO2 reduction due to ugly egocentric dealings [with nothing fear on coming climate hell world](#).

(4)Business society the too busy on own job in massive oil consuming regime with fear on company sales has been hating CO2 reduction due to [fear on the regime change](#).

(5)Global science,education,and mass media has been being ruled by CIA international.

CIA-military industry media complex(**the warmonger regime**)is belong to the Emperor.

As the consequence,global people know almost nothing about deadly emergent climate reality now heading toward climate hell and nothing about climate fixing possibility.

Even if they became aware,they would become desperate due to ***too big to fix !!***.

However,it is wrong.Climate fixing would be possible as follows.

<http://www.777true.net/Arctic-Cooling-Engineering-the-Summary.pdf>

(6)**It is Global Exterminating,but the elites would survive with high technology.**

It is not total nuclear war,but climate that is substantial,but hidid **WWIIIexterminating global population**.It is plot called **operation EndGame the final survival game by elites**.Since 9/11 in 2011,the world had become too nervous on Middle East disputes and frequent terror in everywhere in the world to hide climate,which are all conspired by the warmonger USA.

(7)Now President Trump has unprecedented responsibility on humanity.As you have known,from beginning to end,all is due to **USA only !!!**.

[ 2 ] : Climate Scientists never can tell “*it is too late !!*”.

***The Rio Declaration: Principle 15 - the Precautionary Approach.***

*In order to protect the environment, the precautionary approach shall be widely applied by States according to their capabilities. Where there are threats of serious or irreversible damage, lack of full scientific certainty shall not be used as a reason for postponing cost-effective measures to prevent environmental degradation*

Also President Trump never can tell “*it is impossible*”. America would determine coming world destiny not before long<in the presidency term !>.

*The inauguration address in 2017.*

.....  
*Do not allow anyone to tell you that it cannot be done.*

*No challenge can match the heart and fight and spirit of America. We will not fail.*

*Our country will thrive and prosper again.*

[ 3 ] : **Must Know Items for Ordinal People.**

Recent people had become aware threat of **worsened climate**,however they feel **powerless as an individual**,above all,also massive others with government,science society-education and mass media entirely seems as usual ignoring coming risk.

It is **unprecedented outrageous global extinction**,even though,they **can not imagine**.

It is the supreme war ,far cruel hell than any wars in mankind history .

However,there is salvation technology possibility,if we could have turn life as usual.

Then can you imagine what could have turn all of you to make the decision **in a time** ?.

Anyone can make decision as for what could be seen,while as for something not could be seen,they must make decision by **theoretical prediction !!**. Thereby crooked now regime with

science-education-mass media will not make you **seen** on coming hell,but not TV game.

Author was once theoretical physicist and had made theories approved by realities(but not by the crooked authority), while massive of you did not experience **strong confidence** on theoretical prediction.However,some of you could be so by seriousness and the messenger.

(1)**Basic Income(BI)Method** assure your life even when jobless or income down.

[http://www.777true.net/the-convergence-to-genuine\\_J96-BASIC-INCOME.pdf](http://www.777true.net/the-convergence-to-genuine_J96-BASIC-INCOME.pdf)

Above is Japanese.Summary and coarsely to tell,at first<0 **jobless approximation**> ,nation is to pay all the nation people **basic income** without any restricted condition.Then salary

above basic income amount at present must be subtracted by basic one amount to pay tax by company. Thereby salary amount never change. Also **almost nothing paying cost increasing in company.**

At 2<sup>nd</sup><not 0 jobless approximation>, now your income is fed for your family (wife and children without income). Then **jobless people** is to be counted as adding your family by few **jobless rate** degree in **national average meaning**<**this is a few tax increasing component**>.

(2) Thereby, even **in ECONOMIC REGIME CHANGE** by technology or by **Climate Policy**, your income could be assured by BI. This is also **saving minimum market size by BI.**

(3) A people becomes impossible to do, when he feel also massive others consider it so.  
A people becomes possible to do, when he feel also massive others consider it so.

(4) **Once people had become aware on deadly climate reality, they could do their best to survive. Trust and Be it at now !!!!**

Then rapid decision making (on **global climate-war time declaration**) in a time is decisive to do or die.
