

## **NAZIS USA the Forcing Injustice in Era of Having Revealed Truth** .2018/9/26

Main actor in world politics is USA, however USA is not unique, but divided to NAZIS incarnated (global ruler) and the Opposer power. The former caused 9/11 and following false flag wars in Middle East and hid climate crisis toward operation EndGame. They have been causing global chaos (false flag terror and wars, intercepting climate fixing) toward Apocalyptic world in order only to **conserve their ancient ruling regime**. << *Revolution is more terrible than defeating war, ... Konoe wartime leader of Japan imperial* >>. Thus **our enemy** ruled by very minor, but the highest is unique and only, while we the **overwhelming mass folks** have been defeated due to no awareness on the decisive truth (toward victory), internal betraying and splitting (without strong large scale unite).

### **[ 1 ]: NAZIS is not dead, but alive as CIA-Media-War Complex.**

NAZIS was established to destroy global opposer power against invisible autocratic ruling regime of nobility and wealthiest by injecting horrifying eugenics Ideology, propaganda technology and finance. Rockefeller and Wall-street is told decisive role for NAZIS.

NAZIS is not dead, but alive as **CIA-Media-War Complex** after the war due to the operation Paperclip. After all, defeated German (American)'s strong hatred against Jew had caused silent, but strong and big scale of **revenge** toward establish **atheism world of disorder**. Now people had become known fatal facts the 9/11 with following false flag wars and coming climate hell. Especially it's that actual ruler is not visible official government, but invisible deep state ruled by the emperor and subordinate (**elites the establishment**). Now their ruling had become facing crisis due to beginning of Trump presidency who is revolutionary against the global ruling by **the absurd anachronism ideology**.

*People and nation are those who should be exploited by elite the hereditary supremacist.*

*Setting enemy toward perpetual war for global hegemony winning.*

<http://www.worldfuturefund.org/wffmaster/Reading/Quotes/hegelnew.htm>

**Thus inevitable collision of deception and fact had begun**. Then enemy would take strategy of strong forcing against the opposers by large and perpetual fake propaganda (established media) and by invisible violences. It's unprecedented crisis and also chance of us now.

Because we people has **overwhelming mass collective power** to win **without violence, but with global united power with decisive truth**. Once we would have decided to make global strike, their ruling regime would not act. Note Trump presidency USA at now is incomplete due to lack of real supporting, but now only populism of opposing globalism ruling. Once recognition and supporting method was more developed toward complete turning of the evil globalism, the world would really be fixed for global salvation. **In order to accomplish it, we must make more the R&D with propaganda for the great purpose.**

## [ 2 ]:How to Make Global United Actions against the Evil Power.

This is the most heavy duty problem to solve,so also you must critique and modify author's incorrect views in order to **accomplish complete global agreement**.

It is task of study and decision on true or false toward strong global consensus.

### (1)True Appearance of the Enemy<The Crooked Spirit in High Place>.

At first,we must know real enemy's appearance,if not so,we could not win.Coarsely to tell, It is long historical **class struggle** between theist(**democratic** Jew,..)and atheist(**autocratic** European hereditary nobility,..→Rockefeller,UK imperial,..).**NAZIS** was established to destroy Jew Power by USA support (Rockefeller the wealthiest supremacist who hated Jew the revolutionist race).Certainly NAZIS was superficially defeated by democratic ally, however their survived military men with war technology was secretly imported to USA in order to establish **CIA-military industry complex**(*Eisenhower 1962*).

After Kenedy era,they had become invisible dominant power not only in USA,but also in the world.Finally they seemed to have succeeded to win global ruling by so called operation **Condor**(south America)and operation **Gradio**(Europe).Also Asia and Africa may have been ruled by them.It is so called **American Imperialism** which caused unprecedented economic prosperity in USA in order not to make people notice their actual ruler .It is nothing,but best safety guard for American emperor who had monopolized almost America's wealth.Top secret of America are outstanding historical economical prosperity by driving the people hard working for their gorgeous life **in strong competitive society and to get big military tax and not to notice actual enemy.It ca be entirely told nothing,but only conspiring to defend his highest status stability**.While European had established good social welfare nation in order not to compete with USA and not to notice actual enemy.While Japan were grown up to be complement nation for USA in military,goods product and finance.While also other nations were suppressed to be exploited nations by USA.It is CIA(military)who survey and suppress opposers in those nations. **CIA(military)is essentially private safe guard only for the emperor,but not for people**.

## (2) **Israel Was Made for Degrading both Jew and Muslim the Atheists.**

The most unstable factor in now world may be Middle East with the singular Israel. NAZIS executed unprecedented persecution against Jew such as Holocaust and forced them to establish illegal nation **Israel** in Middle East the land of Muslim. As the consequence, the absurd long time disputes had begun toward causing and increasing strong hatred between Muslim and Jew. Then international society are sympathetic for weaker Palestinian, while Israelite has been being accused for illegal invasions. Then note **ideology of people's liberation** from barbarian autocratic ruling in ancient time was created by Jewish religion (Moses to Judaism and Christianity). It is them who bring us **democracy**, while we not Jew has been discriminating them. It is awful absurdity of us causing long historical persecution against them. Now Israel had become betrayal to be friendly with NAZIS reincarnate USA. Then Trump the pro Israel determined Palestine as metropolis of Israel which had caused more trouble with Muslim. After all, the final and everlasting reconciliation between Israel and Muslim nation is nothing, but **their co-living together**, which was once Einstein told.

<http://www.777true.net/Essentia-Criminal-for-Causing-the-Massive-Palestinian-Refugee-is-EUROPE-USA.pdf>

<http://www.777true.net/PEACE-KEEPING-OPTION-between-ISRAEL-and-MUSLIM-NATIONS.pdf>

<http://www.777true.net/Imminent-Task-of-Us-All-to-Make-Global-Unite.pdf>

*NAZIS is not dead, but alive as **CIA-Media-War Complex** after the war due to the operation Paperclip. After all, defeated German(American)'s strong hatred against Jew had caused silent, but strong and big scale of **revenge** toward establish **atheism world of disorder**.*

Above is top page paragraph. Certainly once they had become hatred with each other, however Israel is curious to be friendly with military industry complex in USA (the NAZIS reincarnated). Certainly Israel at now could not survive without support by the NAZIS. Israel has been keeping desperate dispute with Palestine and neighbour nations and the momentum would not cease for the time being due to **nothing essential reconciliation method**. After all, Israel would be destined to die as bad race, but not holy race. In the current momentum, the world would be exterminated by climate hell in about 2040. It may be final answer for historical atheism German hatred against theism Jew. This should be called second **religious Holocaust** to massacre Jew in the long historical religious struggle.

ISIS with false terror attack and suicide bombing was created by NAZIS USA to be pseudo enemy of US military and propaganda icon that Islamism is extreme-ism and cruel without mercy. Owing to this awful news, people USA and Europe had become hatred against Islamists, which turned to be persecution against refugee of Arab people. Thus 9/11 was conspired to invade the nations and also to degrade Islamism in the world.

Thus NAZIS USA has been entirely causing the world toward atheism one with disorder. German seems invisibly and deeply crooked due to conscious of their awful destiny to be abandoned by God. In the past what they did are something cursed. They can not be, but with perpetual war against other races. In any time, they has been those who made trouble in domestic and abroad. In modern era, those were world war the 1<sup>st</sup> and 2<sup>nd</sup>. In USA, Rockefeller German American the wealthiest had established Standard Oil and insidiously, but largely monopolize America, which now had turned to be earth destroying enterprise by climate collapse. Even though, they could not launch salvation method, but hid and secretly suppress oil cut policy (upside down the sign of cursed). Above all, they once tried to exterminate holy race Jew (the unprecedented most sin) by **awful hatred**. After all, higher pride they could not correct own defects and errors, but try to force momentum deeds, which can not help, but encounter something big catastrophe. The cursed common point of both Jew and German are **World Ruling Race now** and also **Apocalyptist**. Perhaps, both they had been crooked in the outrageous severe long history. It is tragedy that their final reconciliation is double suicide in climate. What is wrong and how to fix ??.

☞: The new-testament may be easier to understand, while the old is not for author. He may be not well understand what the old testament wish to tell us.

**(3) Now economic prosperity is not only for our pleasure, but also for massive death drug toward climate hell (OPERATION ENDGAME).**  
***Global warming is inevitable and 5 billion until 2043 , , may die if nothing is done in time , and they are hidden from worldwide population .. says Jocelyn Luz***  
<http://www.jucelinodaluz.com.br/aquecimento-global-inevitavel.htm>

**(a) Economy and deadly Climate Deception.**

Once people had accomplish minimum economy of saving foods and housing, then they were to seek more economy for vanity competition such as gorgeous life goods and building. Thus any recent advanced nation became very similar with their urban fashion, while massive oil consumption economy had caused climate change and now it had had become to reveal globally awful appearance of strong heat wave, strong flood and typhoon in 2018. Evidently damage intensity and frequency has been increasing year by year. In order to recover stable climate, atmospheric CO<sub>2</sub> must urgently be pull down, while the actuality is upside down of increasing. Then note annual policy maker meeting of UN COP is entirely and awfully fake to deceive and exterminate global population, Because the deadly climate fact <climate agenda> **(A,B)** has been hiding. **(A,B) is the main theme at here**.

**A:Arctic Methane Catastrophe Risk the most emergent Risk at now World.**

You are not climate expert,so above matters may be not easy to affirm.However climate experts once had become **desperate** in negotiation with politician for climate fixing policy . It is also certain,EXXON-MOBIL had caused climate scientists IPCC crooked .It was their deadly mistake that they once thought they can persuade them.But their-selves global disclosing and declaring of **climate wartime emergency** is decisive to turn the world.

It is only doctor who can declare patient to go hospital for urgent operation !!,

Following is awful ideology of the elites who conspire climate change as final survival war toward supremacism realizing.Then note Alex Johns himself never refer to climate at all.

(c) **Economy Life Assurance is Possible by Global Political Unite.**

Note effective climate policy(AB) never allow keeping old economy regime anymore. Thereby business society hate climate policy for saving imminent company management. However it is this that has been causing our world heading climate hell. Climate regime change never vanish enterprise activity, but reform toward new energy one the large scale market. It could be even wartime boom for some kind of enterprise, while some would be lost. Then most peoples concern may be fear for job losing. However **climate war time declaration by all the nation** enable nation people's life assurance. Unless it, war operation never act. **It is unconditional national payment for all people's minimum life assurance.** It is also called **BASIC INCOME for all the nation people**, which never need big tax rise. Because corporate can decrease payment for the same amount of Basic Income. However few increasing is necessary for increasing jobless family count(=**jobless rate**  $\ll$  1).

(4) **How to Accomplish Climate Wartime Regime.**

(a) **In the beginning is global climate wartime declaration and the consensus.**

Note the climate strategy(AB) is scientific fact, as for which, none scientist could deny.

It must simultaneously be also global declaration of **unconditional cease fire** at any region. Thus military could change to that of climate war. Absurd weapon budget could change to that of climate.

The global cost is coarsely estimated trillion dollars, which could be fund for establishing General Head Quater for climate war the world wide.

(b) **the GHQ function**

### [ 3 ]:Possible Interference and the Countermeasure.

It is due to only the evil who has been intercepting world of *justice, truth, and humanity*. Because such world never allow **autocracy** by hereditary nobility and wealthiest.

They have entirely been obsessing status decline

<wicked spirit in high place in the Bible>.

Note another big fatal problem of being of *betrayal the elites* in the established regime.

Our problem may depend on their mind change and *rigid ourselve's massive strong unite with a truth*.

(1) Making Global Unite depend on **the TRUTH** with **Communication Network**.

(2) Leaders with strong R&D supporters.

(3) Possible interference are *faking noise on truth* and network intercepting to *break the Unite*. **Everybody must study on the TRUTH and discuss colleague to make strong Unite.**

There would be insidious interferences, which must be overcome with **TRUTH** and with **Strong Unite**.

(4) **A Method of Rapid Solidarity Making with a TRUTH<the principle>**.

*If you could not find someone outstanding leader, then you must be !!... Jew Merchant.*

(a) **Decisive Evidence of Accomplishing Unique and only TRUTH.**

In general, unifying of many opinions is not easy, however note that *any realized event in past and future is unique and only*. That is, fact is never be double image simultaneously. This is called *non-contradictoriness*. In our visible matter world, *event A* and *not A* never be realized simultaneously. However there are two type of event *complete causality* (Goedel Completeness Theorem) and *probabilistic* (Goedel Incompleteness Theorem) as for **event result from a cause**. Of course, frequent troublesome matter is the latter. However there is unique **statistical theory** must exist. Then *judgment Yes or No* depends on probability value

\* *Completeness Theorem* : A true proposition is provable (to be unique).

*Incompleteness Theorem* : There is proposition *not deterministic* in non-contradiction theory.

However it is that *not deterministic is probabilistic*. Then theory becomes statistical.

<http://www.777true.net/Goedel-Chaos.pdf>

☞ : Especially climate discussion sometimes becomes **very confusional due to random fluctuation at each year**. However **long years observing by averaging method** can display clear causalistic trend such as global temperature rise. This fact can be verified by mathematical method applying fluid dynamical climate.

[http://www.777true.net/Information-Loss-Process-in-NS-Equation\\_The-Cause-of-Chaos.pdf](http://www.777true.net/Information-Loss-Process-in-NS-Equation_The-Cause-of-Chaos.pdf)

(b) **Focus Few, but Strong Climate Agenda.**

In this world, there are many climate activists organizations in national and international, however they can not accomplish CO2 pulling down, but fact is monotonous increasing.

Why they can not ?? **It is lack of strong solidarity making with a TRUTH(A,B).**

Once they would have agreed and made strong focus on the climate agenda, those organization become unique and grow overwhelmingly at once.

(e) If Michael Jackson and John Lennon were Alive !!.

Michael made environment warning songs and social care one, while Lennon made social revolution one. Once such internationally famous someone addressed political and climate emergency, their influence could be global at once and altogether. Author once inspired climate crisis recognition not by climate scientists, but by Brazilian Prophet Jucelino, N.L and by following prophetic musics. The last is indication of methane catastrophe (fireball earth).

(f) *You Have Been Causing People only Uneasy !!<Awareness on Climate Hell World>*.

Disabling people's action is caused by **nothing motive**. Or, by anyhow, make people to consider action something no benefit or dangerous, then people will become no action due to stop their **imagination**. Mind control is interfering imagination process.

In this world, there are people who entirely believe foot on ground is absolutely stable, but possible to fluctuate by earthquake. Some of such foreigners become neuroses by facing earthquake in Japan and escape to home nation. Such them, they can not allow foot on ground fluctuating by anyhow. Note mankind has been believing stable climate since their birth (100 thousands? years ago), so most of many could not imagine climate would really turn to be hell. Or they curiously become easy due to seeing no fear of massive others in hearing climate hell (**ensemble synchronized paralyzing**). **In fact, a big decision making needs strong motive due to wants or fear**. In recent world seems to have become terribly and massively incompetent in their imagination power due to popularize **visualization** by electronics, TV, video recorder, and smart-phone. **A picture is to see, but not imagine !**. Also modernization of life without nature had caused losing sense of wild animal manner. Especially note climate scientists seem that even they could not fear for own death in climate hell. There is a matter why they did not anticipate accusing from people for their responsibility in coming full climate hell era. Now author has been accusing elementary particle physicists and climate one for their injustice in hiding truth, as the consequence, anonymous their body guard began to attack him by interfering his work and life in very insidious ways for recent years, as for which, police will not work due to secret CIA order in Japan (the nation still occupied by US military governance since after the war). Now this theme of **fear on climate hell** could be film maker and scenario writer project, who synthesize climate hell world by hearing possible topics from climate scientists and by collecting news film on past climate disasters with people.

(g) **Belive Your Naive Intuition and Follow it with Betting Own Life !**.

This is decisive problem of **do or die** for all of you !. However you may hesitate to make decision due to without **clear and strong confidence**. Author was happened to be mathematical physicist to understand detail of climate **dynamics**. The dynamics told possibility of rapid climate collapse, unless urgent countermeasure. Then such as technological realization possibility of Arctic Cooling and 100% renewable energy are his decisive hope. However even though, he is innocent on observable regional climate reality, chemical and biological climate environments the very vast and very complicated one. Thereby he can not escape from fear for missing something very fatal factors influencing climate dynamics <or good something that could be effective to mending climate such as

strong CO2 absorbing algae or microbe in marine>.After all,the last element for the decision may be **naive intuition** as for observed disastrous climate events in the world. It clearly becomes wilder in year by year for everyone.

(h) **From subjective fact to objective one by group discussion toward larger unite.**

Isolated individual thinking(subjective)is to sometime become wrong due to no others **correcting on mistakes**.Thus collective discussion is effective to make larger consensus. In the other hand,collective thinking sometimes make big mistake due to stop thinking. Because people tend to easily consider it true without sufficient confirmation that many people agree<**ensemble synchronized paralyzing**>.

☞ : **trickster.**

<https://en.wikipedia.org/wiki/Trickster>

Sometimes traditional society has been going wrong in some matter and many could not notice it,and then so called trickster appeared to claim opposing the tradition.Then people is to be awoken by the trickster.Things must be reexamined carefully by view from top and

bottom,left to right.Note author is not trickster,but try to be unify-er of **Imminent Highest Priority Task** such as **agenda A** by Arctic Methane Emergency Group in UK and **agenda B** by Dr Lester Brown(the plan B).

Thereby in order to be possible, the rapid way is nothing but, **global declaration of climate wartime regime** by scientists, politician, people and entrepreneur.

\$ 26 trillion would promote **Climate War Boom** in the world(author writes).

**Postscript:**

Once people awaken and recognized truth of crisis,people would turn to do their best fight.

Economy at now in the world may be last gorgeous(?) supper of death penalty prisoners of us,while challenging **climate wartime regime declaration** would be something jumping from cliff with safety wire.Once having accomplished transition,a relaxation and tension would start toward exciting world of challenging technology innovations and new culture society. Climate wartime regime is to **focus on global operation (AB)**.The necessary technology coarsely can be told almost established at now in operation A(new energy).However there may be more possibility to improve in solar panel and wind turbine,etc.

Arctic cooling engineering is certainly outrageous in its geometrical scale,but not impossible.

Technology B must be urgently more surveyed by casting **global best ability**.

Another task is to **assure people's minimum life** without former wasteful life way<very coarsely to tell,job is making foods and energy with low energy logistics>,which turn to create more holiday toward **new culture era**. In a sense,it might be retro recovering of old simple life way with new energy and communication tool.

\*Note the **Arctic Ocean** must be extremely severe battle field of constructing outrageous scale of ice wall. Then USA, EU, ..., and Russia must turn over the cold war regime to constructing ice wall operation in **East Siberian Arctic Shelf** to rapidly intercept awful Methane burst !!. After all, *to be or not to be* entirely depends on its success.
