

## **Nothing Arctic Cooling Engineering Research is Betrayal against Humanity.**

“Dear Researchers in Global Arctic Research Institutions”.

So far authors survey,the urgent highest priority of planet defense problem at now is **Arctic Methane Catastrophe Risk**,which UN’s climate consultant IPCC has been ignoring.Don’t you know the Climate Collapse now heading 5billion people extinction is not only our massive ignorant failure,but hiddenly and well conspired as actual **WWIII** the final survival war and as **operation End Game due to head of the warmonger in USA**.It is who has been interfering IPCC scientists.This report is the emergent information to you(**the deadly unconscious cooperator with them**) must read !!! 2017/8/5.

**It is stunning event that Arctic Methane Catastrophe Risk may be known to them, while their researches are not it almost at all !!!.**

[ 1 ] : The Whole Structure of Climate Hiding by NAZIS reincarnated in USA.

(1) In the beginning was Oil Emperor ruling on USA toward the World.

<http://www.777true.net/The-Rockefeller-File.pdf>

(2) They supported **NAZIS** Establishment in Germany 1920s toward exterminating Jew.

*\*Wallstreet and Rise of NAZIS, by Anthony Sutton.*

(3) After the war, they imported NAZIS person with war technology to USA

for establishing CIA-military industry complex = **the warmonger** (operation Paper Clip).

(4) They succeeded almost global ruling by many operations in South America and Europe.

**Operation Condor, Operation Gradio,.....**

(5) 1970s, the oil engineer had noticed global warming by CO2 emission and decided to hide.

[http://www.msnbc.com/greenhouse/watch/exxon-knew-four-decades-ago-about-co2-536557123707?utm\\_source=climatenexus&utm\\_medium=referral](http://www.msnbc.com/greenhouse/watch/exxon-knew-four-decades-ago-about-co2-536557123707?utm_source=climatenexus&utm_medium=referral)

(6) IPCC has been being interfered by EXXON-MOBIL.

Thus, deadly climate fact was to have been hid by them.

(7) **Global warming is inevitable and 5 billion until 2043 , , may die if nothing is**

**done in time , and they are hidden from worldwide population .. says Jocelyn Luz**

<http://www.jucelinodaluz.com.br/aquecimento-global-inevitavel.htm>

*He may be only one who could have image of 5 billion people die. The coming 2043 would not be due to CO2 global warming in rather slow tempo, but to rapid collapse by Arctic methane catastrophe.*

(8) Prophecy has scientific mechanism.

[ 2 ] : **The Awful Shizophrenia Ideology behind Them <the Madness of Eugenics>**.

(1) **NAZI Ideology Adorer** the military industry complex reincarnated NAZIS in USA.

① **People are Slaves of Nobility Supremacy.**

② **Perpetual War Strategy toward Hegemony Win.**

This is due to the Hoegelian Philosophy in feudalism Preusen 19<sup>th</sup> C. This ideology evidently against God teach (atheism).

\* **HEGEL AND TOTALITARIANISM THE CULT OF STATE POWER**

<http://www.worldfuturefund.org/wffmaster/Reading/Quotes/hegelnew.htm>

(2) **Operation EndGame**

This world has been being ruled by Bilderbergers with Rockefeller the General Head Quater of **NAZIS**. Their final aim is not peace making, on the contrary, to conspire **eugenics world** for the few elite's surviving (**Operation EndGame**). This might be due to **capitalism instinct**.

*For the New World Order, a world government is just the beginning. Once in place they can engage their plan to exterminate 80% of the world's population, while enabling the "elites" To live forever with the aid of advanced technology. For the first time, crusading filmmaker ALEX JONES reveals their secret plan for humanity's extermination: Operation ENDGAME.*

Some minor has been ruling mass people in (foods, energy, finance, health, education, ...) toward **depopulation**.

(4) **Arctic Methane Extinction is Revealed to be Operation EndGame.**

<http://www.777true.net/Arctic-Methane-Extinction-is-Revealed-to-be-Operation-EndGame.pdf>

It's Climate Change that is Silent, but **Actual WWIII** Exterminating 5 Billion People.

Why IPCC Scientists has been Silent on Arctic Methane Risk. 2017/7/11.

In the war, supporting enemy is decisive crime against Nation People.

**[ 3 ] : Technology Could Save Arctic (and the World) !!.**

(1) **Just do NOT tell them the monster exists: The Arctic Methane Monster**

<http://arctic-news.blogspot.jp/2013/10/just-do-not-tell-them-the-monster-exists.html>

IPCC scientists (who were once ignorant on Arctic Cooling Engineering at that time) are deadly betrayers against humanity. They have been hiding **Methane Extinction Risk !!!**

(2) There are huge amount **Methane hydrate reservoir of 1000 GtC** order in Arctic ocean sea floor. **Sea floor water warming** due to ice surface melting is to cause methane emission to atmosphere, which turn to cause **rapid global temperature rise** by the strong Green House Effect. As the consequence, once large scale emission with high concentration would happen, the final stage shall be fireball earth by igniting high density gas. Then global extinction shall be caused by oxygen deficit.

Now Arctic surface ice decline had become **positive feedback**, ice melt causes more solar heat input to black ocean surface, which turn to increase more heat input. Thereby nothing salvation, but only man-made **Arctic Cooling geo-Engineering** to intercept heat input the ocean. It is **intercepting summer solar heat by making clouds**, or making **thicker ice surface by spreading sea water in winter**.

(3) **Save the Arctic sea ice while we still can!** 2015/03/06

<http://arctic-news.blogspot.jp/2015/03/save-the-arctic-sea-ice-while-we-still-can.html>

*Fortunately researchers are increasingly confident that a stratospheric aerosol haze, produced from sulphur dioxide, SO<sub>2</sub>, could provide significant cooling of the Arctic for modest expenditure of the order of a few billion dollars per year. This type of cooling could be replaced by cloud brightening using ultra-fine seawater droplets when the technology is ready for large-scale deployment within a year or two.*

This is technology intercepting solar heat into Arctic sea by spreading sea water droplets by **making clouds** in summer Arctic ocean..

\* Note World military budget = 1.7 T \$ / y, World Oil spending = 26 T \$ / y !!

<http://arctic-news.blogspot.jp/p/how-to-cool-arctic.html>

<http://www.777true.net/Arctic-Cooling-Engineering-the-Summary.pdf>

(4)Also author once tried to estimate sea water spreading method to **make thicker ice** in winter Arctic.This is **very large scale engineering** with **higher cost**,however it could be sure by its simple principle .

(5)This is the technology collection by non expert author.

<http://www.777true.net/Arctic-Cooling-Engineering-the-Summary.pdf>

(6)Rich and cheap resource of stone **olivine** sink naturally CO2 without harm.

<http://www.777true.net/Rapid-CO2-Absorption-with-Mineralisation-of-CO2-by-OLIVINE.pdf>

(7)Both resources and technology are sufficient,but **only policy has been being deficit**.

<http://www.777true.net/100pct-Renewable-Energy-is-Possible.pdf>

**[ 4 ] : We need Cure,but not Diagnosis<Awaken Arctic Researchers !!!>.**

**It is stunning event that Arctic Methane Catastrophe Risk may be known to you,while your researches are not it almost at all !!!.**

Now you are now unconscious cooperators with the Enemy of Humanity.

Your study has been supported by massive people's tax paying.

Scientists must begin to learn engineering and engineer must learn Arctic Science toward urgent cooperation in **Arctic Cooling Geo Engineering**.
