

Order vs Disorder(the logical symetry as for the upside down world).

symetrical categorization could make simple,clear,but rigid perceptions. (2012/5/27)

<p>Order=sustainability = "life". teaches in gospels</p>	<p>Disorder="catastrophe at last" the warningy by John's revelation</p>
<p>non contradictory =not everything is permitted ↓</p>	<p>contradictional =everything is permitted(liberty) ↓</p>
<p><i>there are something what anyone never do</i> modest,honest, regulation low=religion ↑ none is done what they don't want. ←→ equality =to colive =conserving nature(CCC) =regulation on CO2</p>	<p><i>everyone do anything they want,</i> greedy,vanity, non-regulation =lowless=atheism ↓ someone is done what they don't want. illegal somthing =deneying others life =destroying nature(CCC) =no regulation on CO2</p>
<p>righteousness,fraternity,peace, anti-eugenics ←→</p>	<p>lie,injustice,conspiracy,violence=war eugenics people and nation are those who should be exploited by nobility the supremacism</p>
<p>poor,naive,but healthy traditional agriculture</p>	<p>anti-life technology, <u>any technology never can make life-itself,</u> on the contrary,those are all anti-life.</p>
<p>cooperative socialism <i>everyone take equally</i> charity:Al Qur'an,the COW-2.219</p>	<p>competitive capitalism <i>winner takes all</i> <i>Ultra Wealthy vs Great Debt Hells</i></p>
<p>cooperative → peace by justice & love united nation security coucil(??) labour unions,churches for all</p>	<p>competitive → war by hatered military industry complex with CIA</p>
<p>total repentance to salvation =revolution against upside down world</p>	<p>no repentance toward catastrophe =conserving upside down world (the Bilderberger Global Regime)</p>
<p>God side (righteous world)</p>	<p>Opposer side (upside down world)</p>
