

**Paris attack(11\_13) is terror against Climate Actions in COP21.** 2015/11/21,23

Condolence is to make victims not of no use, and amplified power for overcoming the terror !!!  
Most of elites might have not been aware **the deadly climate fact**. (no salvation by 2°C Copenhagen treatment, neglecting emergent Arctic Methane Risk, mending both would need global conversion from **business as usual to climate wartime regime**). Since climate science advisers themselves were deceived by IPCC. Paris attack(11/13) may be **terror against genuine climate activists in COP21**. They might have been manipulated someone who hate climate fact. Ban on Climate March in Paris by French police might be political suppression ! , or security service for foreign participants?. **By anyhow, we must not be silenced, but more pursue climate fact toward global propaganda !!!** Effective Climate Mending is outrageous, however coming climate hell by nothing mending is far more outrageous. There still be salvation possibility.

**[ 1 ] :Toward Establishing Optimization as Global Climate Wartime Regime.**

(1) In the beginning of climate action is nothing, but the deadly climate fact < I , II > !!

**Paris climate talks: What's at stake?**

<http://www.campaigncc.org/international/COP21Paris>

See graph of **Carbon Countdown**. It is rather difficult to understand.

Following is 777true.net simulation to **turn the temperature down**, which needs **80% CO2 cut**.

**This decisive scientific fact** never fail to conclude necessity of global conversion from carbon energy to renewable . It's a revolution !! **So conservative elites hate this than anything else !**

**A revolution is more terrible than defeating war.** This is their absurd bottom line.

**Now the climate is not science-technological problem, but entirely political one !!!**

*The deadly climate fact < I , I >that IPCC has been hiding !!.*

#### **I :2°C Copenhagen(2009)treatment is recipe for disaster(J.Hansen).**

Accomplishing climate stability needs temperature down,which needs **80%CO2 cut**.

777true.net simulation shows **turning the temperature down**,which needs **80% CO2 cut**.

<http://www.777true.net/Accounting-principle-verify-reconstruction-the-Past-Climate-Records.pdf>

#### **II :Arctic ice melt has been on **positive feedback** toward **Global Methane Extinction**.**

It could not be stopped by nothing,but manmade **urgent Arctic Cooling Engineering**.

<http://arctic-news.blogspot.jp/2013/10/just-do-not-tell-them-the-monster-exists.html>

If the salvation had been technologically proved to be impossible,author would quit climate work.

#### **(2)It is difficult to request now elite to implement effective climate mending ?!**

Following may be **primitive**,but **seriously fundamental opinion** which everyone must read !.

Political elites might be slave of **Big Brother(operation EndGame planner)**,so your request to them would be of no use.We by ourselves must do it for ourselves with **global solidarity**(another UN !).However also some politicians might know it.Then we must support and grow them !.

**\*optimization**=best solution in comparable many possible ways.It is engineering concept.

#### ***The Climate Talks In Paris Will Fail: Why?***

<https://www.popularresistance.org/the-climate-talks-in-paris-will-fail-why/>

*The essence of the problem is that most people and organisations are asking elites to take action on their behalf rather than taking action themselves. Not only is this a fearful and powerless approach, it reinforces the widespread delusions that elites have the power in this regard and that they are responsive to our pleas. Neither of these is true. We have the power and elites only respond when we create the circumstances that compel them to do so. And not otherwise. Hence, it is the action that we take, as individuals, communities and organisations, that generate the outcomes we want.*

<https://www.whitehouse.gov/sites/default/files/image/president27sclimateactionplan.pdf>

We can not find the deadly climate recognition< I , II >in above US government manual.

By such stupid manual, the world could not be saved. The origin of deadly climate failure at today was due to the biggest oil merchant **Exxon-Mobil**'s interference to IPCC climate scientist.

**IPCC leading scientists** hid the deadly climate facts< I , II >. Thereby we can not stop to call for the scientists conversion to declare urgently the deadly climate fact toward the world .

## **[ 2 ] : But not Establish Hot Global Wartime Regime by anymore !!!.**

At last,they had become recognized **solidarity** against a trouble portion(**ISIS** made in USA).

ISIS is well known as made in NAZIS USA. France's ally with Russia means they will be against

**NAZIS USA** = military industry complex and CIA(Rockefeller the emperor & ultra rightist in US).

They have been hating climate action,because it would destruct their conservative regime .

*A revolution is more terrible than defeating war.*

### Appendix\_1:An evidence by author-himself.

COP21 is to start 11/30. Now author himself has been annoying by home construction noise which has been synchronous with authors challenging work on COP21 climate political struggle.

Authors home is US 7<sup>th</sup> fleet naval base city Yokosuka where has been secretly being ruled

**NAZIS USA**(military industry complex with CIA) since after the war. Their fundamental ideology is **ruling by violence the atheism**. Simply to tell, it is violence by defeating in rational debating.

Japan Prime minister Abe and the former one Koizumi were **CIA agents**. The latter's home land is also Yokosuka and made policy decision for **deleting last power backup system** in

Fukushima NP. Now the former is preparing **war with China** in south China Sea by sending warship at there to make accidental collision.

## **Appendix\_2: Mind of NAZIS USA and Their Salvation?!**

### **(1) Ruler's Schizophrenia <=hate=they see different one all enemy !>.**

So far author has seen on their (German and German American the dominant race in US) history, they are someone race damned, while Jew are essentially blessed, while they have been terribly politically persecuted in Europe and USA due to their belief (mission) for **mankind liberation**.

\* Israel now is historical conspiracy to make them corrupt by USA (Europe) elites..

Germanic people nations are many in **kingdom regime**, while Latin nation are many in **republic**.

**It is so to say a classed society**. It is told Germanic people tend to opt strong leader with totalitarian regime (Hitler and Rockefeller).

A remarkable tragedy of them (synergetic) seems their stronger worry for foreigners (persons in another ideology). They tend to consciously or unconsciously love those who are **homogeneous**.

Nazi outstanding feature is **German Supremacism** which reject **inhomogenous-ness**.

**The most factor is this that they could not trust those who are different from them.**

As the consequence, they are to become too defensive (offensive) against those different.

German myth is story of perpetual struggles against those who are different.

NAZIS's kernel is military regime, which is nothing, but offensive against those different.

The military industry complex with CIA (which was imported from defeated NAZIS Germany) is also **outstanding military regime**, which is nothing, but offensive against those different.

Now the outstanding military regime had become war narcotism. They can not endure peace time without war. The 9/11 was made from this **war narcotism**. The consequent mass victims are Middle East Muslim nations people.

### **(2) Outstanding feature of now USA is worshipping on violence due to Schizophrenia.**

It is outrageous tragedy for ownself and many other that American could not recognize their own decisive defect of **worshipping on violence due to Schizophrenia**. If ruler in nation of many kind of races was schizophrenia, then what would he do? **His worry on conserving highest status is to concentrate on endeavoring toward police-military ruling nation (violence device).**

It is why **Jew the missionary** are **democratic** against **classed society with aristocracy**.

**A hate tend to amplify hate !!. A strong possibility of coming world future is becoming global chaotic by escalating wars toward camouflaging climate collapsing.** Thereby we never allow any excuse to make war by **NAZIS USA** (now it is called **ISIS**)..

### **(3) Suicide due to Own Hating ?!!.**

Rockefeller with Exxon Mobil had done outstanding historical failure. It is nothing, but **climate extinction possibility**. If they retro-speculated own history, they would feel **something damned**.

World war the 1<sup>st</sup> and following world war the 2<sup>nd</sup> were all due to German. And the climate war might will have become **last world war** toward mankind extinction. How about their mind ??.

A higher pride people(=schizophrenia) tend to opt suicide. So called climate deniers are almost ignorant short viewer by own interest, or some are substantially suicid wisher due to **the outstanding failure** in massive oil consuming civilization made by ownself<entrepreneur>.

**"This is suicide with accompanying innocent many others".**

<http://www.777true.net/It-is-us-who-are-on-the-GermanWings-Airbus-A320-whose-door-is-firmly-locked.pdf>

#### (4) **German-American must become revolutionists !!**

Whether it may be good or wrong, America now is the most influential nation to the world.

Thereby their duty is dominant. Their unhappiness may be their past extraordinary success in economy which could established **the most prosperous nation** in mankind history. It is the success that had caused them strong delusion of narcotic material civilization. Climate fact with the mending operation is to demand downsizing their way of life. Maybe most of them feel opposition. They must turn ideology that had accomplished the past success. It is nothing, but that has been causing our fatal risk of climate collapse.

**Al Qur'an 10:Yunus.47**

*And for every nation is a messenger. So when their messenger comes, it will be judged between them in justice, and they will not be wronged*

<http://quran.com/10>

***The Christian religion was intended to be a political revolution which, when it failed, became a moral one later on.....J.W.Goethe***

#### (5) **American must be aware what America had done outrageous crimes against world.**

American wealthiest has been extremely singular in mankind history. Once they succeeded hegemony winning in US, then they endeavored to establish empire the undefeated. It is international anti-communism conspiracy. They conspired Russian revolution (making enemy exterior to make internal ally) and NAZIS establishment with the world war. After world war the 2<sup>nd</sup>, they invaded and exploited south America, Asia, and Middle East. In Europe, by operation Gradio, they defeated leftism. Thank to those exploitation, America succeeded the outstanding prosperity. General American seems no conscious on those perpetual crimes of America. Simply to tell, the unhappiness of the world today could be told entirely due to such America's madness. America today is outrageous upside down nation of justice mask. Today is the last chance to turn USA. Of course, many American-themselves had known well about such America.

### **Appendix\_3:Climate Scientists Decisive Duty=Declaring the Deadly Climate Facts !!**

It never be always that a scientist do rational deed.Except their speciality,they may be mere people.Climate problem **the total recognition**<engineering,psychology,economics,politics> is far beyond their speciality.**In authors guessing,now they has been in deadly trap.**

#### **(1)A deadly example of elementary particle physicists the jobless due to the completion.**

What feature would scientist reveal when they encountered deadly situation=jobless ?.  
Conclusionally to tell,it is ugly enough !!.A higher pride people who encounter own status decline becomes Satan.This is teach of the holy scripture.That is entirely right !!.This fact may be not well known,but except author and their relatives.Elementary particle physics is simple enough, because so called **Lagrange function** was determined to be unique,**all the information** on the dynamics is to be derived by the function in rutin calculation procedure.Lagrange function is equivalent to Newton equation<force=mass × acceleration>which is **unique**.This is valid in even supreme science of elementary particle physic,because it is also **a kind of dynamics**.Then Einstein's principle of equivalence between gravity field and acceleration one was formulated in a math expression(Localized Lorentz Invariance by R.Utiyam(1956)).In 1967,Faddeev & Popov established so called Gauge Field Quantization.As the consequence,Einstein-Utiyam-Faddeev -Popov theory was unified as the supreme Lagrangean.A strong validity is matter(universe) evolution.**The last 3** are strong,weak(nuclear force),and electromagnetic forces.  
Origin of Quantum Gravity Field  $SO(11;1) \rightarrow SO(10) \rightarrow SU(5) \rightarrow \{SU(3) \times SU(2) \times U(1)\}$ .  
Author could get above conclusion and got also Stan gun attack by someone in 1995.Since then Nobel committee gave the prize to 7 Japanese physicists to hide theory completion fact.  
It is very ugly aspect of science society, who(Europe & Japan)even now has been urging extreme high cost experiment faculty building for useless elementary particle. They are deadly betrayal against also tax payer people.

\*Author's work were trouble shooting and test running of the theory,and then **turned his job.**

<http://www.777true.net/Troublesome-Illusion-of-Elementary-Particle-Physics.pdf>

Now back to the imminent climate science society problem.This had been already mentioned in following web pages by certain degree.Here are surveying on **psychological aspect.**

[http://www.777true.net/Q-A\\_Die-or-Do\\_Mending-the-Deadly-Climate\\_the-Problem-Solution-Reaction.pdf](http://www.777true.net/Q-A_Die-or-Do_Mending-the-Deadly-Climate_the-Problem-Solution-Reaction.pdf)

Following are the supplement toward pushing the society to declare the deadly fact.

(2) **Climate scientist ensemble had become desperate for climate salvation!**

(a) **A viewable terrific sean at present era.**

If you see big highway with mass cars running, Could you think you can stop those ??.

If you see big shopping center with mass goods and lighting, can you stop those ??.

From environmental stability view, those are deadly big failure of oil civilization !!!.

Now massive people are in business with such big failure of oil civilization !!!.

Also climate scientists are the same as you an ordinal people in this sense. So it is not so abnormal that they think also they can not stop those !!!.

(b) **An imaginable terrible sean in coming future < if nothing climate mending >.**

Why people will not concern with climate crisis, one of those is this **imagination deficit !!**

**Can you imagine global mass extinction of more than 6 billion people with massive other species on the earth ??.** Maybe you had not imagined. Global mass extinction by **Methane Catastrophe** is verified fact in past twice time **Permian** and **PETM** mass extinction.

<http://science.nationalgeographic.com/science/prehistoric-world/permian-extinction>

It is told by oxygen deficit by fireball earth by global massive methane firing < this is the final stage, there would be cruel pre-stages for decades >. In authors guessing, even scientists did not imagine such sean. It is not instant death, but decadal long hell world of climate disasters. Dare to tell, authors point is **no regret policy**. If people in such extraordinary hell world, they never fail to think that we had better to have done at that possible time.

(c) **What will climate change do to our planet?**

<http://www.planetextinction.com/documents/What%20will%20climate%20change%20do%20to%20our%20planet.pdf>

**"Most striking of all," says Lynas, "was seeing how people behaved once the veneer of civilisation had been torn away. Most victims were poor and black, left to fend for themselves as the police either joined in the looting or deserted the area. Four days into the crisis, survivors were packed into the city's Superdome, living next to overflowing toilets and rotting bodies as gangs of young men with guns seized the only food and water available. Perhaps the most memorable scene was a single military helicopter landing for just a few minutes, its crew flinging food parcels and water bottles out onto the ground before hurriedly taking off again as if from a war zone. In scenes more like a Third World refugee camp than an American urban centre, young men fought for the water as pregnant women and the elderly looked on with nothing. Don't blame them for behaving like this, I thought. It's what happens when people are desperate."**

(c) **Massive Ensemble Synchronous Paralyzing.**

Whether it be good or bad, people tend to accord his doing with massive people's one.

*Everyone emit CO2, so do I. Everyone neglect climate worsened fact, so do I. Everyone neglect coming climate hell world, so do I. Everyone feel own desperate competency on climate. Above all, climate scientists has been silent on climate worsened. So it may be too late. It is too hard for lonesome me to claim that climate must be mended. None will take responsibility for climate collapsing, so do I.*

<http://www.777true.net/The-Ensemble-Synchronized-Paralyzing.pdf>

*As for certain group of people, there is decisive something which they has entirely been believing that can never be allowed to happen. However such terribly unfavorable something could really happen in this world. Then once people encountered visualized the reality, they would have become terribly blanked out to be paralyzed in their ensemble reaction.*

Following is profiling by author.

(d) When climate scientists had known necessity of **more than 80%CO2 cut to recover stable temperature**, they had prospected no growing possibility of renewable energy technology.

(e) When climate scientists had known irreversibility (**positive feedback**) of Arctic ice melting, they had prospected no possibility of intercepting ice vanishing toward Arctic methane catastrophe. Geo engineering of Arctic cooling was not in their realizable idea.

(f) Due to above (d)&(e), **major them** had become **silent** as synchronized ensemble paralyzing. Since then the pose had become fundamental mood in climate science society.

(g) Someone may have been against those wrong silent agreement, however Exxon-Mobil had intercepted in IPCC.

(h) At now 100% renewable technology and Arctic Cooling technology become proposed.

**However they could not correct their first wrong prospection !!!** Now they might think that it has become outrageous fatal error of which correction would be damage their status. People should imagine such their mind !!! It is overwhelming problem of do or die for all. **Then we must encourage them their correction would turn them revolution hero !!!**
