

**Please confirm the fatal facts(on the climate)and make plan for global co-operation to act.**

2014/6/25

**To Dear Massive Friends of the Global Political Parties.**

Now unpopular,but outrageous problem has been going on.Following report could be **confirmed by yourself** with your reliable friends who are **good at science(physics, mathematics)**.This is the utmost inconvenient,but fact which could destine your future,**hell world toward mass extinction ,or not !!!**.As you had already known the climate change which has been disastrous to many regions in the world.However massive people has been considering those very few other's unhappy,but not ownself's problem for the time being. Climate now has been becoming hastely worse and worse than previous predictions.So now time is very critical,but not too late..

To tell the fact,now nothing actual countermeasure has been,but only the debates has been going on without **nothing effective decision to act**.The decisive reason is entirely due to **the IPCC climate reports** which has substantially been nothing realities for effective salvation action.

**The really effective counter measure** is nothing,**but emergent more than 80%CO2 cut in order to stop and turn down temperature rise into now state**. Because unless temperature recovering to now(15°C),the world would have been disastrous toward mass extinction by **wild higher temperature climate(the last stage is Arctic Methane Catastrophe)**.The operation to turn down the temperature could not be nothing,but more than 80%cut<**massive CO2 sink by ocean power and land vegetations**>.

Why the almost climate scientists has been substantially **silent** ?? .Author guesses that most of them consider it impossible,which may be partly due to invisible, but **strong suppression on them** by the conservative power of **strong business society inteference**..

However author found it possible to **save peoples life** by higher possibility.

<http://www.777true.net/Why-more-than-80percent-cut-and-the-Realizability-in-your-life.pdf>

Now established media never informs you **the planetary emergency of Arctic ice lid decline** which would lead the world toward methane catastrophe.

Methane is 70 times stronger Green House effect Gas than CO2. The mass destructive thermal bomb is reserved Arctic sea coast where temperature has been entirely rising by ice lid retreat. Ice lid retreat increases insolation heat input ocean which accelerate more ice lid retreat. That is **positive feedback** has been going on, which never can be stopped spontaneously. Note unless man made **Arctic Cooling Engineering**, the world would encounter mass extinction by methane catastrophe toward fireball earth in the last stage.

However, very lucky for us, UK scientist had invented effective and low cost technology.

Of course 80% cut life might be bitter for people who has been accustomed in extravagant way of life. People must accept the decisive reality that now era is nothing, but **climate war time**, which conclude all people must be **soldiers** against climate collapse. Unless the operation, we would encounter climate hell world which is far more outrageously cruel world than anything else. Imagine the world without foods, water, and home in extremely climate disastrous world. Now none (but few) will imagine the utmost inconvenient facts by **the strongest delusion** due to no information on the decisive fatal facts and due to **global massive and synchronous ensemble paralyzing** in the unprecedented pleasure modern life by massive oil consumption civilization..

So your task is **confirm the facts** and **make plan** for global co-operation to act.

Now this is incomplete due to authors inability, which could be improved by you of all. !!!

PS:The substantial climate prediction had been already concluded,but not disclosed to the world. Now is time for research and design on **Geo-engineerings** and the **Global Climate War Time Regime**.

Once people accepted the outrageous,but decisive facts,  
they could do best !!!.  
Trust and Bet it !!!.

How to sale **the Climate Policy hated by All??!** =What have they been wishing ?  
 Substantial climate debate② had already been determined,so that our tasks are ① & ③.

**① Comprehensible and Favorable Possibilities(Realizability) !!.**

(1) **Non carbon Energy Engineering**(wind turbine,solar heater,...)

[http://www.777true.net/Part\\_6\\_non-carbon-Energy-Engineering.pdf](http://www.777true.net/Part_6_non-carbon-Energy-Engineering.pdf)

(2) **Arctic Cooling Engineering by global co-operation.**

(3) Green-nization(forestation) toward increasing **Mass Foods Production**

(4) **Mass Employment** as soldier against **Climate War**  
 by nation strategy with global governance.

(5) Ever lasting Ramadan Festival(musician,actor,sport player,artist,.....)

<http://www.777true.net/Life-Assurance-by-National-Strategy-in-coming-climate-WAR-TIME.pdf>

**② Comprehension on coming desperate Hell World,unless the measure !!.**

(1) **Arctic Methane Catastrophe** following ice lid vanishing in Arctic.

(2) Coming wild climate era causing water & foods shortage with climate disasters

<http://www.777true.net/non-ipccc-Clmatology-toward-Coming-Climate-Crisis.pdf>

**③ Anticipating for possible interferences against our Global Solidarity Operation.**

*By knowing enemy and own enables no defeating even in hundred battles....Sun-Tzu*

The deadly climate fact(Arctic Methane Catastrophe Possibility)has been hiding by them.

Climate cure never be done without cure on global oligarchy Bilderberg Group the hereditary power of USA & UK imperials with CIA-military industry complex.They are **the most enemy.**

= *people and nation are those who should be exploited by the supremacy..*

<http://www.777true.net/The-Upside-Down-World.pdf>

PS: Certainly the problem is outrageously too big,  
 though coming hell is more outrageously too big ! !,.

People could do best once they accepted fact !!!.

Trust and Bet it !!!!!
