

**The Broken *Paris Accord*(PA) is Final Chance to Transit. 2017/6/6**  
**<They Hide Arctic Methane Deadly Risk toward Operation End Game>.**

***“THE SUMMARY” on Toward Really Effective Action:***

It is the Regime Quo that has been accelerating **coming Climate Hell**, while people has been being deceived by such hypocrite *Paris Accord* which never tell decisive and imminent **Risk of Arctic Methane Catastrophe**. The final Relief is **global declaration of Climate Wartime** the emergency by mass experts who can verify deadly climate fact and **the fixing technology**. It is not impossible, but highly realizable in neat works on the verification by mass experts. Any politicians could not help, but follow **the declaration certified**.

☞ : *Most regret in deathbed is told what they had not **challenged** at that time.*

① Real effective Climate Fixing needs **Global Regime Transition**.

**Paret-1: Deadly Climate Facts **the Verification**.**

② While the Emperor has been conspiring to conserve the Regime Quo.

**Paret-2: Operation End Game toward Global Extinction?!!**

*“Revolution is more terrible than defeating war”.*

③ **Epoch making engineering is urged to settle rapidly the deadly contradiction in both ①②.**

Now world has been heading toward global extinction hell in Arctic Methane Catastrophe (AMC), which has been being kept **secret** in the climate deal (PA). After all, it is only **science & engineer societies** who could declare **global climate wartime** toward rapid and real effective climate salvation. Imagine the problem is big, however coming hell is far big.

Once people had recognized the outrageous seriousness of coming climate hell world, *that is, they once had recognized **problem of do or die**, they would endeavor to research and develop the engineering.*

Also author believe that there would appear **geniuses** who could realize the technology.

In this sense author himself is **optimistic as for the engineering in individuals actions (Part-1)**, But, very anxious as for **politics (Part-2) in ensemble actions**.

**Paret-1:Deadly Climate Facts the Verification.**

Climate facts is not author's opinion.Real effective climate agenda is as follows.

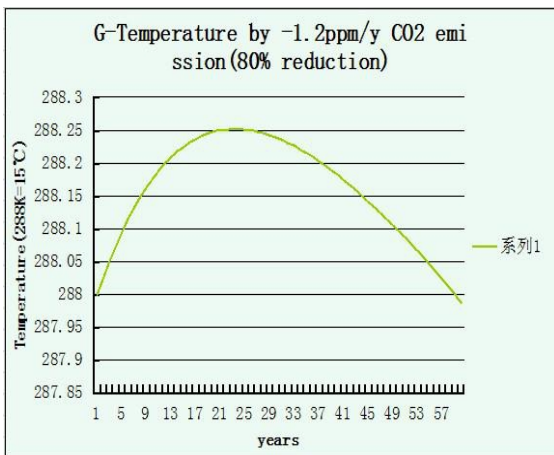

- I : Recovering Stable Climate by Rapid 80%C02 Cut as Global Policy.**
- II : Arctic Cooling Engineering to Stop Methane Catastrophe.**

**I : Time for Plan B Cutting Carbon Emissions 80% by 2020**

<https://www.earth-policy.org/datacenter/pdf/80by2020notes.pdf>

Lester R. Brown, Janet Larsen, Jonathan G. Dorn, and Frances C. Moore

**Not how much we can cut,but how much we must do for stop catastrophe !**

Author confirmed and follows their agenda.

(1)Reliability of left curve (function of CO2 conc only)was assured by below site.

<http://www.777true.net/Accounting-principle-verify-reconstruction-the-Past-Climate-Records.pdf>

**(2)The verification curve in actual past data of temperature with CO2 concentration.**

The big fluctuation  $\pm 0.2^{\circ}\text{C}$  in the actual data is explained in next page(3)

[http://data.giss.nasa.gov/gistemp/graphs\\_v3/](http://data.giss.nasa.gov/gistemp/graphs_v3/)

$+0.2^{\circ}\text{C}$  error is due to a deficit in the model calculation,It is heat flow to below 800m depth in global ocean.

(3) **Big climate variables fluctuation** is proved to be caused from massive summation of local randomness(**central limit theorem** in statistical mathematics) in **fluid dynamics\***) of

\* You observe **smoke trajectory** disappearing as time goes on, which is due to micro randomness. atmospheric or ocean flows. The conclusion is **normal(Gauss)distribution** with 20 years cyclic solar variation. The temperature deviation graph is actual past data.

<http://www.777true.net/Uncertainty-Causes-in-Climate-Dynamics.pdf>

See **APPENDIX-7**.

The accurate details is also your study, please !.

$G(\delta T_c(t)) = \exp[-\delta T_c^2(t)/2 \Delta T_c^2(t)]$ . **Pure Climate Fluctuation- PDF**  
 $S(\delta T_s(t)) = N/[1 - \langle \delta T_s(t)/\Delta T_s(t) \rangle^2]^{1/2}$ . **Solar Density with noise-PDF**

This shows  $\pm 0.2^\circ\text{C}$  deviation, so **the max swing could be  $0.4^\circ\text{C}$ , this is large swing.**

☞ : Everyone may wonder the cause of so big fluctuations in climate variables, however author could not find sites explaining the cause. So he tried to research. Now he wish co-author in the thesis contributing.

(4) **Why does it need the radical 80%CO2 cut ?!**,

- (a) The most dangerous event is **positive feedback realization**, *warming causes more warming* by natural process.
- (b) Now it is **Arctic Ice Melting** by sea water warming by solar heat increasing.  
 → Thereby man made **Arctic Cooling Engineering** is decisively necessary.
- (c) Note Arctic temperature rise is **twice or 3 times larger**, so global temperature must be limited at its **minimum value** not to interfere Arctic.
- (d) This is **least time interval** to recover the stable temperature by **about 60 years**.

<http://www.777true.net/Rapid-CO2-Absorption-with-Mineralisation-of-CO2-by-OLIVINE.pdf>

CO2 sink geo engineering is also very hopeful technology.

## II : Urgent Arctic Cooling Engineering to Stop Methane Catastrophe.

(1) ***Just do NOT tell them the monster exists: The Arctic Methane Monster***

<http://arctic-news.blogspot.jp/2013/10/just-do-not-tell-them-the-monster-exists.html>

IPCC scientists (who were once ignorant on Arctic Cooling Engineering at that time) are deadly betrayers against humanity. They have been hiding **Methane Extinction Risk !!!**

(2) There are huge amount **Methane hydrate reservoir of 1000GtC** order in Arctic ocean sea floor. **Sea floor water warming** due to ice surface melting is to cause methane emission to atmosphere, which turn to cause **rapid global temperature rise** by the strong Green House Effect. As the consequence, once large scale emission with high concentration would happen, the final stage shall be fireball earth by igniting high density gas. Then global extinction shall be caused by oxygen deficit.

Now Arctic surface ice decline had become **positive feedback**, ice melt causes more solar heat input to black ocean surface, which turn to increase more heat input. Thereby nothing salvation, but only man-made **Arctic Cooling geo-Engineering** to intercept heat input the ocean. It is **intercepting summer solar heat by making clouds**, or making **thicker ice surface by spreading sea water in winter**.

(3) ***Save the Arctic sea ice while we still can!*** 2015/03/06

<http://arctic-news.blogspot.jp/2015/03/save-the-arctic-sea-ice-while-we-still-can.html>

*Fortunately researchers are increasingly confident that a stratospheric aerosol haze, produced from sulphur dioxide, SO<sub>2</sub>, could provide significant cooling of the Arctic for modest expenditure of the order of a few billion dollars per year. This type of cooling could be replaced by cloud brightening using ultra-fine seawater droplets when the technology is ready for large-scale deployment within a year or two.*

This is technology intercepting solar heat into Arctic sea by spreading sea water droplets by **making clouds** in summer Arctic ocean..

\* Note World military budget = 1.7 T \$ / y, World Oil spending = 26 T \$ / y !!

<http://arctic-news.blogspot.jp/p/how-to-cool-arctic.html>

<http://www.777true.net/Arctic-Cooling-Engineering-the-Summary.pdf>

(4) Author once tried to estimate sea water spreading method to **make thicker ice** in winter Arctic. This is **very large scale engineering** with **higher cost**, however it could be sure by its simple principle .

(5) There have been nothing **the technology verification test**, but design proposing.

Once people had recognized the outrageous seriousness of coming climate hell world, *that is, they once had recognized problem of do or die,*

**they would endeavor to research and develop the engineering.**

Also author believe that there would appear **geniuses** who could realize the technology.

In this sense author himself has been **being optimistic as for the engineering in individuals actions**, But, very anxious as for **politics(Part-2)** in ensemble actions.

**Climate 'tech fixes' urged for Arctic methane** 17 March 2012

<http://www.bbc.com/news/science-environment-17400804>

Depending on the size and location, Prof Salter said that in the order of **100 towers** would be needed to counteract Arctic warming.

**Sea-going hardware for the cloud albedo method of reversing global warming**

**"Albedo Yachts" and Marine Clouds: A Cure for Climate Change?**

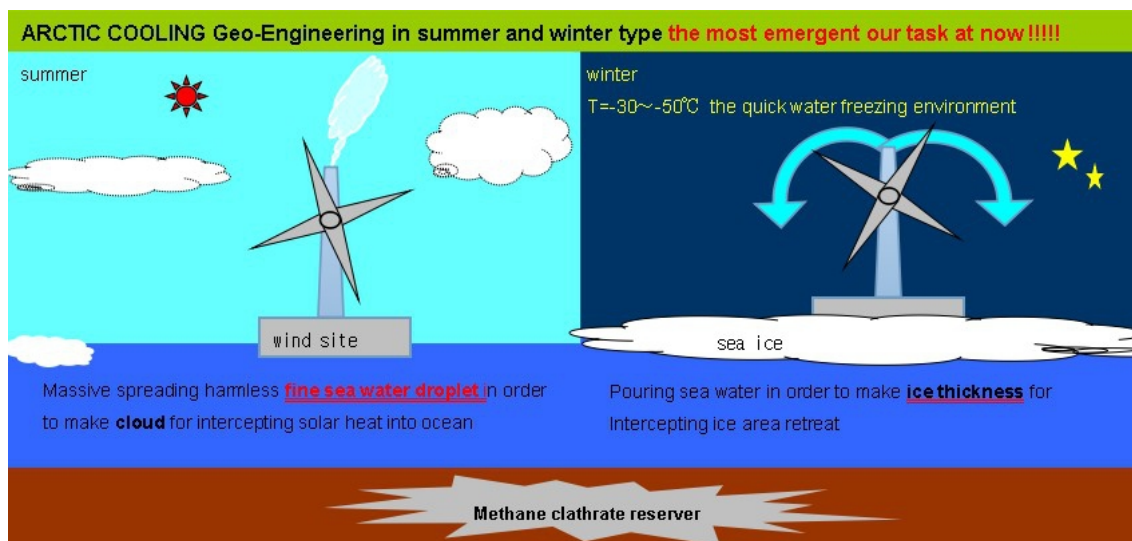

<http://www.scientificamerican.com/article/albedo-yachts-and-marine-clouds/>

**How to Cool Arctic.**

<http://arctic-news.blogspot.jp/p/how-to-cool-arctic.html>

Now AMEG(UK) has been urging political support for the R&D and implementation.

<http://www.ameg.me/>

(6) **There are too many suspicious behaviors and insidious secrets in Arctic Problem.**

(a) **The short history to have revealed Arctic Methane Catastrophe Risk.**

In fact, there were twice time **global mass extinction events** by Methane bursting in history.

**Permian**(25million years ago)、**PETM**(55million years ago).

[https://en.wikipedia.org/wiki/Clathrate\\_gun\\_hypothesis](https://en.wikipedia.org/wiki/Clathrate_gun_hypothesis)

[https://en.wikipedia.org/wiki/Permian%E2%80%93Triassic\\_extinction\\_event](https://en.wikipedia.org/wiki/Permian%E2%80%93Triassic_extinction_event)

In recent 1990s. Jerry Dickens and Jim Kenett had discovered methane extinction events in paleo climate research toward so called **clathrate gun hypothesis**.

[https://www.giss.nasa.gov/research/features/200409\\_methane/](https://www.giss.nasa.gov/research/features/200409_methane/)

Not before long, climate research had noticed **positive feedback realization** in Arctic ice melt due to global warming. **It is this that had caused their decisive desperate keeping silent ?!!**

**Arctic Ocean the kernel region in global warming:**

**Over tipping point of no return ?(in Japanese, 2008)**

<http://www2.kaiyodai.ac.jp/~koji/BE.pdf>

It is certain, once positive feedback had realized, nothing natural could stop it !!.

At that time, they seem not to have idea of **geo Engineering of Arctic Cooling**.

This may be starting point of the tragedy toward their marching with desperate silent.

Now major climate scientists with IPCC will not declare the deadly risk in Arctic without correcting their view also possibly due to **the external suppression against them**.

(b) **Too many suspicious behaviors and insidious secrets in Arctic Problem(the list).**

<Who has been in their behind ?!!!=operation EndGame?!!!>

① **UN Climate Council=IPCC has been neglecting deadly risk of Arctic Methane.**

A Japanese senator Syuich Katoh(2000) once warned congress to take care on the Methane Risk in IPCC climate model. However they have been doing nothing substantial.

<http://www.sangiin.go.jp/japanese/joho1/kousei/syuisyo/150/syuh/s150005.htm>

It is famous that **IPCC has been being interfered by EXXON-MOBIL the oil giant**.

It is this origin that had destroyed mankind destiny toward hell<operation EndGame>.

Note they have been entirely building secret devices to conserve **the Regime Quo**.

It is invisible, but global influence power of empire ruling after the war.

As the consequence, **major scientists** accord opinion with IPCC, while some distinguished ones declare radical, but righteous opinion on climate. *James Hansen, Michael Mann, Jim Kennett, Peter Wadhams, Natalia Shakhova, ....*

② For an example, National Institute of Polar Research in Tokyo will not support on authors offer (Arctic Cooling Engineering), but has been denying at all with irresponsibility and incompetency(?).

<http://www.nipr.ac.jp/english/>

Nothing Arctic Cooling Engineering, but diagnosis on *now dying Arctic*.

<http://www.nipr.ac.jp/english/research/organization/index.html>

We need no diagnosis, but urgent fixing operation by doctor surgery (=engineer).

It is our paying deadly tax that enable their study. They must payback valuable as the cost !!

③ There are many worldwide websites who warn Arctic Risk, however we face difficulty in finding necessary data to calculate. For an example, it may be heat budget in Arctic.

*heat input into Arctic – the output = stored heat in Arctic = melting ice + ocean warming.*

④ **Clathrate gun hypothesis** by Jerry Dickens & Jim Kennett are not main stream

⑤ Ice vanishing time prediction by IPCC was terribly wrong.

⑥ So far authors survey, global NGO Climate org seems ignorant on Arctic Methane Risk. It could not be that they did not know it at all.

**⑦ No Governmental Support for R&D in Arctic Cooling Engineering in the world.**

This is fatal for the salvation, while some insidious power seems acting on.

Note who substantially has been ruling the world in their behind ?.

CIA network of private peacetime military of emperor Rockefeller !

<http://www.777true.net/The-Rockefeller-File.pdf>

After the war, not only USA, but also Europe and South America had become ruled by USA the imperialism by operation Gradio and Condor, etc.

⑧ Department of Geo Physics in Hokkaido University once showed 6~8°C? temperature rise in Arctic ocean in their website, but now vanished.

⑨ There is no remarkable activist on **Arctic Warning** (the highest priority), but AMEG (UK).

<http://www.ameg.me/>

⑩ Once author heard in a website, there is a grave mood of **silence on Arctic Methane** in climate science society. The problem is too big and difficult for the salvation to debate for them who, in fact, are ignorant on geo-Engineering.

☞ : To tell from beginning, government with administration organization may have been being **ruled CIA**, thereby public research institution could not be told the exception. That is researchers has been being ruled directly or indirectly by CIA. Their finance for study is strongly ruled by government.

## Paret-2: Operation End Game ?!! <Both Israelite & German(American) may be wrong>

### (1) Methodology and Theology :

Also author consider *any motion is caused by something force*. Fundamental motive force of mankind may be {love(to co live) or hate(not to co live)}, or { life or death} in the state. Now It is evident the world had been heading toward their mass extinction. Then author could not help, but conclude it is *something hate* that has been causing the destruction.

<If action due to will of co live work ,such stupid destruction would never happen !!!!!>

It could not be normal, .Then who caused hate for whom ?? .If we really would have been extincted, then *hate would have won !!* . It is nothing ,but *fatal failure and sin of us all !!*

Note now the world is told to have been being ruled by **German(American)** and **Jewish people(Israelite)**. Both of them were once hatred with each others in history.

Note now in America, something big hate had splitted their society. To tell from beginning, American **the worst military nation** has been being hated by global people after the war due to their brutal *imperialism* . Now in Israel, they have been living by surrounding with hatred against them. Also author could not help, but has been living by surrounding with hatred against *truth*. So far looking the world, it is full filled with hates, so it could not help to be *upside down world. hate-struggle and war, killing others-military-....*

These belong to upside down world heading own destruction.

Conclusion is that *global extinction could be told not rational by anyways*.

<http://www.777true.net/Imminent-Task-of-Us-All-to-Make-Global-Unite.pdf>

\*Israelite and American is told God believer, both believe the Bible which predict *coming Doomsday*. However Doomsday coming is not genuine will of God, but warning for mankind who does not follow the Bible teach = *co live with justice, truth and Brotherhood*, It is very clear that Main Endeavoring of the Bible teach is *repentance* of all people.

They made crooked upside down interpretation of the Bible who advocate righteousness of the Bible by realizing Doomsday.

Note they may believe life in the other world (also author do), however we would see very miserable planet *without life at all* due to huge contamination by radio active matters in total nuclear war, or total nuclear plant destruction after fireball earth by Methane Catastrophe. Thereby we are now heading hell not only in this world, but also even in the other world. Nothing relief even by all our dying. God teach is right, so we must repent.

<http://www.777true.net/Proof-on-God.pdf>

<http://www.777true.net/Scientifical-Mechanism-of-Prophecy-by-Paranormalities.pdf>

(2) **Revolution is More Terrible than Defeating War**→**Operation EndGame.**  
<**Origin of the Hate by the Wicked Spirit in High Place**>.

Now author try to reveal hidden insidious hate power against people.

It is desperate endeavoring to entirely **conserve the now regime**.

① It is **Jewish People** who had endeavored to liberate mankind from historical **barbarous violence ruling** by kingdom regime. Mosses preached justice without violence. **Christ** preached people *justice, turth, and brotherhood* toward co living<**democratizing**>.

② **NAZIS** was established to persecute Jew(the revolution race) by American Capitalists. NAZIS establishment was accomplished by Germany people's **hate power** against Jew insidiously conspired by the wicked spirit in high place(the Capitalist elite). They hated Jewish people who concerned **democratizing revolutions**(Christianism, French, Russian Revolution, etc). Those are so say a **class struggle**(K.Marx). The key word is that **Revolution is More Terrible than Defeating War**<F.Konoe Japan imperial>.

<http://www.777true.net/The-Rockefeller-File.pdf>

Above all, they hate own **status decline** by democratizing

③ USA Imperialism machine=CIA-military industry complex **the warmonger** was established by secret importing NAZIS person with war technology after the war(Operation paperclip). Those are told private military of USA emperor **Rockefeller**(German American).

④ By secret CIA operations of **Gradio and Condor**, Europe and South America had become ruled by American Imperialism after the war. Except Russia and China(the former communism nation), the world could be told to be substantially be ruled by USA. Now hidden global government is called **Bliderberg Group**(secret society of global elites of nobility and wealthiest family **hereditary power**). Evidently they are against democracy.

Their global strategy is told to be decided in their secret annual meeting.

⑤ **Operation EndGame in facing Climate Decay toward Global Extinction.**

(a) **Operation EndGame**

This world has been being ruled by Bilderbergers with Rockefeller the General Head Quater of **NAZIS**. Their final aim is not peace making, on the contrary, to conspire **eugenics world** for the few elite's surviving(**Operation EndGame**). This might be due to **capitalism instinct**.

*For the New World Order, a world government is just the beginning. Once in place they can engage their plan to exterminate 80% of the world's population, while enabling the "elites" To live forever with the aid of advanced technology. For the first time, crusading filmmaker ALEX JONES reveals their secret plan for humanity's extermination: Operation ENDGAME.*

<http://netattic.net/unbelievable/operation-endgame/>

<http://www.youtube.com/watch?v=x-CrNlilZho>

(b) In 1970s, **EXXON-MOBIL** (the emperor Rockefeller) had noticed, CO2 emission would cause climate destruction. Then they might have decided to conceal it in order to evade change in massive oil consumption regime. Note this is nothing, but *revolution is more terrible than defeating war*. Thereby, it could not help to call them *wicked spirit in high place*.

[http://www.msnbc.com/greenhouse/watch/exxon-knew-four-decades-ago-about-co2-536557123707?utm\\_source=climatenexus&utm\\_medium=referral](http://www.msnbc.com/greenhouse/watch/exxon-knew-four-decades-ago-about-co2-536557123707?utm_source=climatenexus&utm_medium=referral)

(c) In 1990s, USSR had decided own dissolution of cold war regime due to financial difficulty. Then the warmonger had become panicked by losing decisive business partner, Thus they had determined to produce enemy by **9/11(2001) the inside job** to keep perpetual wartime regime with false flag terror and regional wars especially Middle East..

(d) **Making regime toward Operation EndGame both in Nuclear War and Climate.**

Then they advocated threat of the former, but hid the latter.

(e) **Making regime toward Operation EndGame by enlarging Wealth Gap in Economy.**

In today, fundamental markets in advanced nations had reached its **saturation point**, which turned to be inevitable economy decline. This is a cause to need **police state**-nization to suppress **mass poverty people** both in economy and in coming foods shortage due to worsened climate.

(f) **Thereby It's not Invisible Climate, but Imminent Job-BUSINESS.**

Thus both people and wicked elites had become conservative without regime change toward EndGame.

**Ⓞ Now USA is strongest Climate Witch Hunt Society in Carbon Narcotism**

In world leading nation America, **communism, climate alarmist**, (and pro Russia & China) are considered **enemy of the regime**, so they are target of **Witch Hunt**. Established Media are strong witch hunt machines belonging the Oil Emperor.

\*Now they had known well climate has been heading toward global extinction hell, And they might accept coming mass dying due to own deep sin. However we could not go heaven, but hell due to supreme sin of destroying planet the creation of God.

See **Paret-2(1) Methodology**.

## ⑦ **Problem(Climate) is too Big !!!!!**

= **Risk Think Paralyzing** by Ensemble Synchronic now ruling on in the World.

So far authors collected information by contacting relatives,they(government,BUSSINES, scientist..) had huddled together toward keeping silent with the pessimism.Climate scientists are professional in own field,however they lack the Total View in the policy.Summary to tell,without person ability,incompetent they have become pro *regime quo* due to IPCC ruling.

It could not be reasonable that *now is too late* in 30 years long debate since beginning of international climate negotiation.At now,increasing methane emission by mega ton order in Arctic is observed,but not giga ton order/year,so it does not need desperate.However,once increasing concentration by 2 digits,it could be told dangerous.

The positive feedback realization in Arctic ice melting had frozen them to desperate silent, however,it is not right, if they care on Arctic Cooling Engineering.

A wrong,but mass momentum will not change their opinion. This could be fatal !!!.

Thus conclusion in Part-2 is pessimistic.Then how to overcome the difficulty ??.

<http://www.777true.net/Imminent-Task-of-Us-All-to-Make-Global-Unite.pdf>

In order to initiate actions,at first,we make an **organization with unified agenda**.

It should be **global network** toward accomplishing the task by global cooperation.

Then **manpower with technology** and the finance for managing is necessary.

The aim of this report is to supply the fundamental information.

<http://algeri2016.com/>

<https://www.youtube.com/watch?v=rkaZlyUrvK4>

### **How to make global climate wartime declaration**(an example).

This is global voting for approving in NGO environment.

(a)Approving by more than 50% is "yes to do" in each unit.

*No to do* unit should explain the cause to re-verify by yes unit,

(b)Global approving is done by more than 50% yes units in the world.

(c)Unit are corporate,research & education institution,region,organization,

**Paret-3:**How to Turn the Think Paralyzing ?!!

<http://quoteinvestigator.com/2013/02/24/truth-revolutionary/>

**Simplest, but Strongest Correcting False Think is Logical Turning.**

This is too evident, but also too hard to do in actual **upside down false ruling world** at now.

<b>False</b>	<b>True</b>

<b>Paris Accord</b> without care on <b>the Arctic Risk</b> None stop ice melt in positive feedback	Urgent going Arctic Cooling Engineering It is possible

Conserving Regime Quo to Save Jobs for today and tomorrow life.	Creating New Jobs to Mend Deadly Earth toward All of Our Surviving

At now, author will not tell the green box is really proved true,

but we must decisively **make it true** by **ENGINEERINGs**.

Thereby, Unite Engineers, Scientists, Economists, Technicians, Students, Military Men and all Workers in the world by following process.

- ① Verification on deadly **Climate Facts(Part-1)**.
- ② Verification on possible **Climate Fixing Technology(Part-1)**..
- ③ Verification on possible **Economy Design in Climate Wartime Regime**.

\*following is very coarse simulation, so this must be version up by everybody.

- ④ Verification on the possible **Against Power(Part-2)** in the implementing.

<http://www.777true.net/Imminent-Task-of-Us-All-to-Make-Global-Unite.pdf>

Certainly it is imminent **betting** of do or die at now.

Note nothing betting is nothing, but toward global extinction hell.

This had been already proved as Arctic Methane Catastrophe **not in Paris Accord**..
