

How to save **the Climate Policy** = What 's necessary, what we can do ? !!

Substantial climate conclusion ② had already been determined, so our tasks are ① & ③.

① **Comprehensible and Favorable Possibilities (Realizability) !!**

(1) **Emergent Arctic Cooling** by global co-operation.

<http://www.777true.net/How-to-Make-Clouds-for-Intercept-solar-heat-in-Arctic.pdf>

(2) **Non carbon Energy for 80% CO2 cut** (wind turbine, solar heater, ...)

http://www.777true.net/Part_6_non-carbon-Energy-Engineering.pdf

(3) **Green-Nization** (forestation) toward rising **Mass Foods Production**

(4) **Mass Employment** as soldier against **Climate War** by global governance.

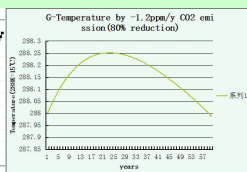

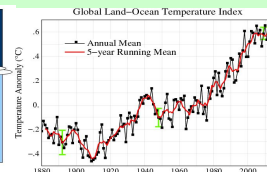

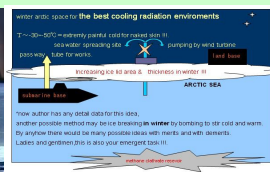

(5) **Ever Lasting Ramadan Festival** (musician, actor, sport player, artist, ...)

② **Comprehension on coming desperate Hell World, unless the mending !!**

(1) **Arctic Methane Catastrophe** following ice lid vanishing in Arctic <IPCC is neglecting>.

(2) **2°C Rise (COP16)** is hell of water & foods shortage by climate disaster <80% cut is right>.

③ **Anticipating for possible interference against our Global Solidarity Operation.**

The deadly climate fact (**Arctic Risk & 2°C Risk**) have been hiding by them. Climate fix never be done without escaping from global ruling by **Bilderberg** the hereditary power of US & UK imperials with cia-military industry complex. They are **the most conspirators** in now world.

= *people and nation are those who should be exploited by the supremacy.*

PS: Certainly the problem is outrageously too big,

though coming hell is more outrageously too big ! !,.

People could do best once they accepted **the fact** <due to **1st scientist's declaration**> !!.

Trust and Bet it !!!!!
