

The Ensemble Synchronized Paralyzing.

2014/7/10

As for **certain group of people**, there is **decisive something** which they have entirely been believing that can never be allowed to happen. However such **terribly unfavorable something** could really happen in this world. Then once people encountered visualized the reality, they would have become terribly blanked out to be **paralyzed in their ensemble reaction**.

[1]: The Case of Brazil Soccer Team in 2014 W cup games.

In 2014/7/9 in Brazil W cup game, massive global people had seen it. It is a historically incredible degree of defeating of the Brazil (vs Germany) of **1:7**. Why could happen ?.

In author's view, the team had invisible, but **outrageous burden** for never forgiving defeat of Brazil. Because the **winning as usual** nation people is such **radically passionate** and also the match had cost them **£6.5 billion**, as for which **many poor people has been accusing**.

Thereby, they never be forgiven defeat. In such invisible nervous situation, the game was began and they came time to see first goal of Germany, which was the **1st shocking** (11 minute) to increase their conscious or unconscious fear. However it was not so fatal, **because 1 point leading never means defeating in soccer game**. But the **2nd decisive shock** (23 minute) had caused them **paralyzed**. Thus more **3 goals were scored in 6 minutes**. Also note Brazil team had already been uneasy due to **the absence of** Neymar and captain Thiago Silva.

In other hand, German team had terribly succeeded in their **well organized operations** by wide spread positioning and quick ball connecting to avert intercepting especially in goal front zone. Note, in **2nd half** of the game, Brazilian audience began to applaud them.

Brazil's six minutes of nightmare 09.07.2014

http://english.pravda.ru/society/stories/09-07-2014/128006-brazil_world_cup_germany-0/

In Brazil, where football, or soccer, is elevated to the rank of **religion**, such a humiliating defeat can not be forgiven.

.....

The Germans achieved amazing results already in the first half of the match. Thomas Mueller opened the score during the 11th minute. Afterwards, the Brazilians experienced the nightmarish six minutes, during which they missed four goals one after another. On the part of the German team, the goals were scored by Miroslav Klose (23 minute), Toni Kroos (twice - during the 24th and 26th minute) and Sami Khedira (29 minute). To make matters worse,

all the goals were scored as a result of terrible errors in the center of Brazilian defense, including the absence of captain Thiago Silva, who missed the semi-final due to suspension.

Brazil 'blanked out', says Luiz Felipe Scolari

In the aftermath of defeat, Scolari began by asking for forgiveness from the Brazilian people. He continued by presenting **the experience as something which unfolded beyond the control of him**, his players and his staff. "Look, let me explain," Scolari said. "The first goal was what, 23 minutes? Then one on 25, 26, 28 minutes. **No one could change anything**. It was one after the other. **"Everyone blanked out**. We were trying to talk to the players, to get reorganised and breathe for a second. But there was nothing we could do. Change one or two of them? We couldn't do that when enduring the problem."

[2]:The Case of massive oil consuming Capitalism with Climate Crisis.

Before **1988** when J.Hansen warned global warming,none could deny glory of modern capitalism which had been causing unprecedented prosperity of material civilization.

Thanks to the capitalism,most of people had been pleasure in optimism on technical civilization with massive oil consumption.Though Hansen's decisive warning,substantially the world had become neglecting his serious warning.At that time,most of amateur could not think of coming serious climate reality.About in 2000~2010.they began to recognize climate change due to increasing of abnormal climate not only in foreign nations(Africa,Australia), but also in own region. An **entrepreneur** is expert on future of both prosperity or risks.

In authors opinion, non-scientists who had known climate reality first may be them.

Those may have been deeply disappointed,because **the effective countermeasure** is more than 80%CO2 cut toward recovering 350ppm(Hansen)of stable climate.However it is too evident that capitalism could not survive anymore in such **regulating regime**. Look highway with massive car running,and massive factory chimneys emitting massive CO2. Massive people has been pleasure in massive oil consuming way of life. This is the decisive cause of **desperate** toward **paralyzing them with massive ensemble synchronization**. 80%CO2 cut is equivalent to deny the massive oil consumption civilization-itself.

Thus **nothing countermeasure** had begun toward catastrophic point.Their decisive failure is nothing consideration on **the salvation technology possibility**.In fact,those may be possible to act global salvation plan,which is decisive task also for you.

Result	More 3 goals by nothing defender's play due to paralyzing by desperate in the game	Nothing countermeasure due to paralyzing by the desperate .
How to overcome desperate !!!	<u>Organized actions in Latin America</u> Never be pessimistic.In authors view,not all German seems superior than Brazilian in individual ability. Then we should ask own-self what has been intercepting on ??? .	<u>Organized actions in Global</u> Now global people has been in strong delusion due to massive synchronous paralyzing facing outrageous difficulty At 1 st is reality recognition by all toward emergent global action.

PS2:

The soccer game between Brazil and Germany in 9/July/2014 indicated how act **invisible desperate**.It is not only problem for Brazil team.but also for all of us.Because now world has been ruling by invisible desperate, which has been allowing double collapse of finance and climate.An exact diagnosis is one step to reform the failure.The main theme is **massive synchronous paralyzing** in global ensemble who has been facing unprecedented and outrageous difficulties of financial debt and climate debt(CO2 in atmosphere).

Certainly outrageous difficulty would freeze person not to act.

Once we noticed the cause of paralyzing(desperate),we could find way for fixing.

Author has been trying to disclose **unfavorable facts** of own and others nations and the world. Because a genuine friends would warn unfavorable facts , but pseudo friend would tell lip service for keeping appearance with each other. **It is which that has been damaging this world.**
